## DENTAL SEALANTS

- Sealants were placed on your child's back teeth (molars).

  - \_\_\_ The teeth have sealants.
  - \_\_\_ The teeth were not grown in far enough for sealants.

- It may feel strange to bite for a day or two. That feeling goes away.
- An allergic reaction is possible but it is very rare. If you notice any unusual symptoms in your child after treatment, call your child's doctor.
